Kansas Giant Whitetail

State of Kansas

Whitetail Deer Hunts - 2010 Prices

Archery	6 Days	\$3,000 - \$5,000
Muzzleloader	5 Days	\$3,500 - \$5,500
Rifle	5 Days	\$4,500 - \$6,500

Details: For years the state of Kansas has been producing some tremendous Whitetails, that's no secret. The real secret lies with the awesome ranches put together, exclusively for our clients. Over the past two years, these new properties have really produced. In 2008 our largest buck was a 192" typical whitetail, and in 2009 the largest buck scored 186", shot during the muzzleloader season as well. Numerous 160" plus bucks are taken each year, as we work closely with the landowners to ensure quality buck management. Our properties are leased for the purpose of providing our clients with the best possible chance at whitetails over the 160" B&C mark. When it comes to hunting big whitetails, Kansas is second to none!

Package Includes: Pre conditioned and scouted ranch that is highly managed, guiding, field transportation, field prep work

Package does not include: food, lodging, transportation to and from ranch before and after the hunt, alcohol, licenses, tags, airfare and taxidermy.
