Mexico 2010

Mexico Desert Hunts - 2010

Desert Mule Deer	1 X 1	\$10,000
Coues Deer	1 X 1	\$7,000
Combo Mule Deer & Coues Deer	1 X 1	\$12,000
Desert Bighorn Sheep	1 X 1	\$50,000

Details: These hunts are conducted on three different ranches in Mexico, two are for Desert Mule Deer and Bighorn and the other is strictly for Trophy Coues Deer. The ranches that we operate for Desert Mule Deer and Bighorn are located outside of Hermosillo, Mexico and the Coues Deer ranch is approximately one hour south of Tucson, Arizona. You will fly into Hermosillo, Mexico or Tucson, Arizona, depending on what ranch you are hunting for what species, where your guide will pick you up and transfer you to the ranch. Accommodations are out of nice ranch houses where all your food and meals will be served and taken care of. Hunting will generally be done by spot and stalk and glassing where your expectations on a Mule Deer should be, 190" or better with every year over 200" are killed, Desert Bighorn should be 165 or better with many rams that will push mid 170's and Coues Deer should be around the 115" mark where we have killed the #3 World Record.
