South Africa 2010

Hunting Areas

Our ranch lies along the Limpopo River in the North, which borders Zimbabwe. This well-watered area consists of woodland, rocky outcrops, numerous rivers and scrub with wide, open species and other animals such as Elephant, Lion, Leopard, Rhino, Hippo, Crocodile and over 25 different species of game. This area is generally Mosquito and Malaria free

Hunting Camp

You will find unequalled luxury accommodations at our camps. The camps are uncompromising in quality, superbly equipped, and extremely comfortable. The lodge itself is built to blend in with the landscape and each chalet has every amenity including hot & cold running water, showers, flushing toilets and electric lights while maintaining the untamed aura of Africa.
