Spain 2010

Our operator is one of the few companies in all of Spain with their own 160,000 acre private preserve around the Hunting Preserve of Tortosa-Beceite. It is located on the eastern part of the country between the Valencia Region and Aragon, which is about 125 miles from Barcelona and 60 miles from Valencia. We also have our own hunting grounds spread out across the country where we conduct hunts for all the other species in Spain.
